

# Pelin Area 51

## White

Alcohol : 12% alc. by vol.

Producer: Osmar Winery, Bulgaria

Unique local variety white wine of special selection. It is produced under old local recipe from high quality variety of white grapes and with the useful influence of forest herbs from Bulgarian mountains. The name of the wine Pelin combines the place of its making and the predominate aroma of the herb “pelin” ( *Artemisia absinthium*) more commonly known as wormwood or green ginger . The Pelin Wine has been first made in the end of 18 century by the monks in Bulgarian monasteries by combining the aroma of the forest herbs with the test of the wine. Old tradition of making wine continuing today. The wine is well balanced, harmonic with slightly bitterly-sweet taste. The bouquet of forest herbs and fruits make white Pelin wine a very unique and special.

**The WINE for connoisseurs.**
