

Uniqato Rubin Area 51

Rubin

Category: Dry Red Wine
Alcohol : 14.5% alc. by vol.
Grape variety: 100 % Rubin
Producer: Damianitza Winery , Bulgaria

This remarkable dry red wine was produced from the variety Rubin - a special crossing of the varieties Nebbiolo and Syrah created in Bulgaria in 1944. Amazingly deep and heavy cocktail of delicious aromas reminding vanilla, berries, violets, coffee and oriental spices. In the mouth - full rich body with velvet tannins and intense fruit character. Elegant finish. Perfect for occasional drinking and professional tasting. One of the best wines produced in Bulgaria. Suitable for ageing in bottles. Wine for connoisseurs
